

PURA

PURA™ Terra Series Water Softener

The Trouble With Hard Water

Hard water (calcium & magnesium) is a common problem for many homeowners and businesses. When hardness minerals are combined with heat it forms troublesome scale. Scale causes costly build-up in your plumbing, water heater and other water using appliances. When combined with soap, the minerals form soap curd or scum that makes skin dry and itchy, hair lifeless, laundry dull and builds up on fixtures.

Softer, Smoother Skin

Silky Shiny Hair

Spot Free Dishes

Use Less Soap & Detergents

Protect Plumbing & Water Using Appliances from Scale Build Up

DIY Installation Features

PURA water softeners are designed for the do-it-yourself installer:

- ◆ NSF Certified electronic downflow control valve with proven piston, seal & spacer technology
- ◆ User friendly LCD display shows time of day, regeneration mode and gallons remaining. Adjustable cycle times.
- ◆ Ability to manually index to desired cycle position for faster, easier installation & service
- ◆ Meter immediate, meter delayed, meter override and calendar clock modes
- ◆ Self charging capacitor keeps date / time of day for 48 hours while programming remains in permanent memory
- ◆ NSF Certified high-gloss pressure tank
