

# LeakSmart® Pro

# Product Overview

# LeakSmart System Hub 2.0

## Features & Benefits

- The hub is the central point of communication. If a water leak is detected in your home, the LeakSmart Hub receives the signals from the LeakSmart Sensors.
- Depending on system set-up, it then 1) directs the LeakSmart Valve to immediately shut off your home's water and notify the homeowner; or, 2) simply notify the homeowner (when sensors are set to *Detect* mode).
- Red and green LED status light indicators.
- Includes 5-year manufacturer's warranty.

## Specifications

- Includes Ethernet cable for required, active internet connection
- Includes A/C adapter power cord
- 2.00" x 1.00" x 2.00"

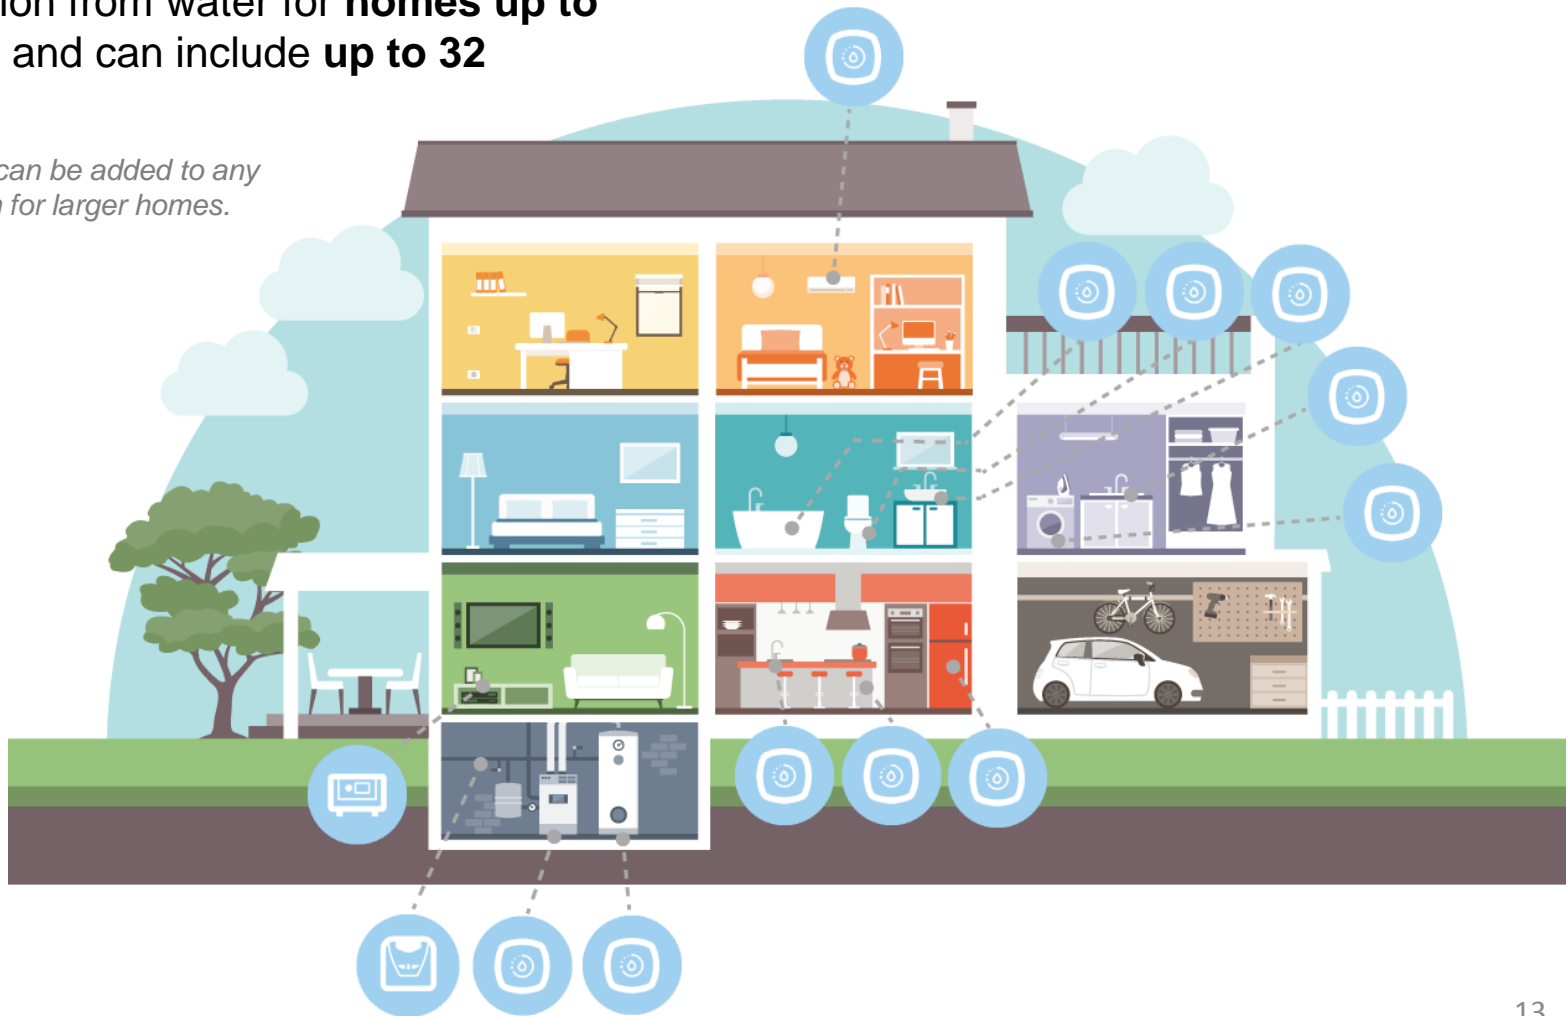

## CERTIFICATIONS

# LeakSmart Pro System

The LeakSmart Pro system offers complete home protection from water for **homes up to 5,000 sq. ft.\*** and can include **up to 32 sensors**.

*\*Range extenders can be added to any LeakSmart system for larger homes.*

# LeakSmart App 1.0.21

## Features & Benefits

- LeakSmart app available on the App Store and Google Play, free of charge.
- Through the LeakSmart app, the users can easily pair all devices, including Hub, Valve, and Sensors.
- The LeakSmart app provides text and email system, leak and freeze detection alerts to listed contacts.
- Works with Nest options can be easily configured in the LeakSmart App.
- App updates released continuously.
